Si oretachi wa mukashi kara kono machi ni akogarete

English

My cellphone rings, and a terrible premonition flashes  
through my heart  
Calm down, mi amigo\*

I'm in a mess, help me, those guys are chasing me  
Maybe this is the end, mi amigo

My phone died, cutting me off from you

Yes, the two of us were always one, at home we were  
invincible, weren't we?  
Yes, we'd longed to come to this town for a long time  
For some reason, I remember the scenery, embracing  
the beautiful sky the day we left

When I reached a dark alleyway, you were crouching  
there  
I'm sorry I didn't get there in time

I can't keep the promise we made the day it all came  
crashing down  
But I'm so happy you came

You held my shaking hand tight

Yes, when we came to this city we felt like we could  
have anything we wanted  
Yes, we left our home behind without looking back to  
pursue our big dream, smiling the whole time  
We dreamed that together we could chase after a  
future that wouldn't change

Yes, the two of us were always one, at home we were  
invincible, weren't we?  
Yes, we'd longed to come to this town for a long time  
For some reason, I remember the scenery, embracing  
the beautiful sky the day we left
