She look like sex, drugs, rock and roll. (Say ho! )  
When she movin' on the dance floor.  
Stop! Go! Stop and go! (Say ho! )  
Like a New York cab, yo!  
Fast! Slow! Fast and Slow!  
She drives me mad, yo! Just like  
My nano she's shufflin'. I'm lovin' it.

I'm thinkin' about touchin' it, kissin' her in public.  
But baby got me fumblin', stumblin' and mumblin'.  
She got me wonderin' if I should get her number then  
She just looked up at me and said...

Take me in the bathroom, take my clothes off.  
Make love to me up against a dirty wall.  
'Cause I can't wait to get you home, wait  
To get you home.

She tastes like cigarettes and alcohol, up all night  
On adderall. Innocent, but not at all.  
She my Brooklyn barbie doll. Dancin' like (mmm),  
Drinkin' like (oh, oh). Whatcha think about sex on  
The first night? Mmm. Okay!

I'm thinkin' about touchin' it, kissin' her in public.  
But baby got me fumblin', stumblin' and  
mumblin'(mumblin').  
She got me wonderin' if I should get her number then  
(Say ho! )  
Well I just looked at her instead, and I said...

Take me in the bathroom, take my clothes off.  
Make love to me up against a dirty wall.  
'Cause I can't wait to get you home, wait  
To get you home.  
Take me out the back door, take my clothes off.  
Make love to me up against somebody's car.  
'Cause I can't wait to get you home, wait  
To get you home.

She was a waitress, wait! She was an actress.

Actin' like a starlet, in fact she was a harlot.  
Her lips like Scarlet, Johansson. They part to  
Say I'm handsome. I start to say "I know." That's  
When she pulled out my handgun, BAM!

Take me in the bathroom, take my clothes off.  
Make love to me up against a dirty wall.  
'Cause I can't wait to get you home, wait  
To get you home.  
Take me out the back door, take my clothes off.  
Make love to me up against somebody's car.  
'Cause I can't wait to get you, 'cause I can't wait to  
Get you home.
