La La La
A Peaceful Land
Every one works together
In the Peaceful Land
La La La

There are no robberies
In the Peaceful Land
La La La
Some times we disagree
But those disagree-ers learn to
live Peacefully
In the Peaceful Land
La La La
A Peaceful Land

La La La
A Peaceful Land
The land has no clowns
or Evil Stuff
But then that'd be stupid
La La La

So there is no Peaceful
Land
La La La
Because if there was (if there was...)
I wouldn't exist
You wouldn't exist
No One Would Exist
Except for a few people
La La La
La La La
La La La

And now my song is done! (La La La La La La)
