La La La  
A Peaceful Land  
Every one works together  
In the Peaceful Land  
La La La

There are no robberies  
In the Peaceful Land  
La La La  
Some times we disagree  
But those disagree-ers learn to  
live Peacefully  
In the Peaceful Land  
La La La  
A Peaceful Land

La La La  
A Peaceful Land  
The land has no clowns  
or Evil Stuff  
But then that'd be stupid  
La La La

So there is no Peaceful  
Land  
La La La  
Because if there was (if there was...)  
I wouldn't exist  
You wouldn't exist  
No One Would Exist  
Except for a few people  
La La La  
La La La  
La La La

And now my song is done! (La La La La La La)
