We'll write to the subject's arrest  
And to answer your question  
Yes I'm a mess tonight  
I am perfectly content with my life

So I'll wait for the sunrise  
To come and take my from the night  
I will compromise to get through this  
And this is such a disaster  
This is what I've become  
This is such a disaster

Did you get what you want?  
Get what you need?  
Will you tell everyone?  
Will you tell me?  
How this is, please?

I know, I know, there's got to be a better way  
I don't, I don't want to  
Get back to the subject in question  
Something I failed to mention  
Is my lack of attention  
Or concern for best

I don't need this therapy  
I already know there is something wrong with me  
I don't owe you excuses or explanations

And this is such a disaster  
This is what I've become  
This is such a disaster

Did you get what you want?  
Get what you need?  
Will you tell everyone?  
Will you tell me?  
How this is, please?

I know, I know, there's got to be a better way  
I don't, I don't want to  
And it's a long way back from the place that we came

from  
Everyone's got something left to hide  
And it's a long way back from the place that we came  
from  
Everyone's got something left to hold onto, hold onto  
me  
Whoa [x4]

Did you get what you want?  
Get what you need?  
Will you tell everyone?  
Will you tell me?  
How this is, please?

I know, I know, there's got to be a better way  
I don't, I don't want to
