Turn it up front, I'm turning heads  
Speaking to the corrupt youth, prime time for the  
bloodshed  
The impeccable minds embedded with the haze  
Packing funeral beds going out in a blaze with no glory  
To make the headline story, nationwide on the air  
homocide  
Without thinking remorse a meek consequence  
Was a bullet for self now the queries begin

Set it off  
For the youth gone rat - a - tat, feel the aftermath  
Did you get a good look with each life you took  
No life for sale, one more tragic tale

And what remains of this simple world  
They push the time to be scared no more  
I'm watching war on the streets  
But what the fuck is the cause  
We're slowly slipping from the place in which we  
started from  
Just a life jeopardized, through the use of a gun  
And through the eyes lies thoughts and dreams  
Reality kicks in soon, so make a wish in between  
You cause yourself to confide in the bullshit  
Time is up the main event

Can't understand the ways 'cuz in my days, we  
knuckled 'em up  
Nowadays it's bang-bang shoot 'em up  
You get dealt with in no time that's real shit  
Now hear the word take a tip from the one not the  
frame of mind  
Like Columbine, I be rhyme with no reason at any time  
To those beware here to take a stand  
The final shell just dropped  
From the gun in my hand

The stage is now set

Was that life  
For sale

So did you get a good look at this life (come on)
