I wanna tell ya things
I wanna share my dreams with ya face to face
While you torture me your innocent, but warm embrace.
But I cant reveal what I'm thinking about
While exchanging information
Or the way I feel beneath this cloud
Of our casual conversation

Emergency, Emergency,
My love for you is killing me
Emergency, Emergency
How long can I go on ?

Well I can make you laugh with my favourite lines
When we're all alone
And I can manufacture smiles
Designed to match your own
How I keep so well composed for you
Really tries my imagination
'Cause the state I'm in, when I'm close to you
Is a serious situation..

Emergency, Emergency,
My love for you is killing me
Emergency, Emergency
How long can I go on ?
Emergency, Emergency
I need your love so desperately
Emergency, Emergency
My love for you is killing me

Oh.....And I cant even let you know
All I'm keeping to myself
'Cause I know your heart belongs to somebody else...

But I cant reveal what I'm thinking about
While exchanging information
Or the way I feel beneath this cloud
Of our casual conversation

Emergency

I need your love...

Emergency, Emergency,
My love for you is killing me
Emergency, Emergency
How long can I go on ?

Emergency, Emergency,
I need your love so desperately
Emergency, Emergency
i can't go on this way

Emergency, Emergency,
My love for you is killing me
Emergency, Emergency
How long can I go on ?
