It's not my way to talk ta strangers
But i feel like i already know you
if ya need somebody i wanna manage you.
i can tell that you've been through some changes
in your past relationships
but come on and walk through that door
cause i'm what you been waitin for

{Pre-Chorus}

whatever's on your mind (let it off)
girl we got lots of time (we can talk)
through all the good times and bad times
i wanna be the gots ta be in your life

{Chorus 1}

gots ta be the one that makes you sad
gots ta be the one you never had
gots ta be the one that you want so damn bad
gotta be, gotta be, gotta be your everything (your
everything)
gots ta be the only one you fight
gots ta be the one that makes it right
gots ta be the one you don't like half the time
gotta be, gotta be, gotta be your everything

girl you just can't love anybody
i tell ya i'm the right one for you
but ya gots ta believe me
cause everything that i tell ya is true, yeah
i wanna be ya mother, ya father, ya brother, and ya
sister too
be the good, be the bad
be the counselor that you run to, girl

{Pre-Chorus}

{Chorus 2}

gots ta be the one that hurts ya nerves
gots ta be the one you don't deserve
gots ta be the one that you serve
gotta be, gotta be, gotta be your everything
gots ta be the one to change ya fate

gots ta be the one ya love ta hate
gots ta be the one you let eat off your plate

things ain't always gonna be, be so easy girl (yeah)
and i can let you know for sure that i'm gonna always
be
(right here) right here (for the long run) for the long run
i might make you mad you cuss me out but ya still my
girl
and i promise that i'll never put my hands on you girl
i wanna be everything to you girl

{Chorus 3}

gots ta be the one that you can't stand
gots ta be the one you call ya man
gots ta be the one to put a ring on that hand
gotta be, gotta be, gotta be your everything
gots ta be the one you can't forget
gots ta be the one that you regret
gots ta be the one like you ain't never met
gotta be, gotta be, gotta be your everything, yeah

i don't want you lovin' nobody but me
you and me can do almost anything
gots ta be he one you want
gots ta be the one you flaunt
you can't get mad at nobody but me
in fact i'm the only one you can recieve
gots ta be he one you want
gots ta be the one you flaunt

{Chorus 1 to fade}
