everyone that's on your street  
is looking for the perfect beat  
and all the things you seek to find  
are sitting here in 4/4 time

so turn your faces to the sky  
there isn't long until you die  
so take your partner by the hand  
and give them all the love you can

(chorus)

you, you'll get your way  
so for today, just leave your cares at the door  
yeah, you'll be okay  
so for today, just leave your cares at the door

everyone around the world  
is crying out for a lovebird  
and everyone to cross your path  
is looking for their other half

and all the stars I fail to see  
are all the boys and girls for me  
so take your partner by the hand  
and give them all the love you can

you, you'll get your way  
so for today, just leave your cares at the door  
yeah, you'll be okay  
so for today, just leave your cares at the door

you, you'll get your way  
so for today, just leave your cares at the door  
yeah, you'll be okay  
so for today, just leave your cares at the door

(interlude)

you, you'll get your way  
so for today, just leave your cares at the door  
yeah, we'll be okay

so for today, just leave your cares at the door

yeah, you'll get your way

so for today, just leave your cares at the door

yeah, we'll be okay

so for today, just leave your cares at the door
