I'm being dragged down, down by the hand
The hand of a golden giant man
He's crushing my knuckles
Splitting my skin, he says he'll let go
If only I'd ask it of him

He says
Girl, it's your call
You wanna fly
You wanna fall
So I shout
I wanna get away from you
As fast as I can
I tell my feet to move it
I hope they have a plan

These little black sandals
Are walking me away
These little black sandals
Are heading the right way

These little black sandals
Are walking me away
These little black sandals
Saved my life today

So now I'm free
Free
From the big bad giant
Who was stalking me
Thank you feet, for guiding me
I'm glad somehow I got brains down there, at least
These little black sandals
Are walking me away
These little black sandals
Are heading the right way

These little black sandals
Are walking me away
These little black sandals
Saved my life today

Sometimes I'm tempted
Sometimes I am
I would be lying if I said I didn't miss that giant man
He was the line between pleasure and pain
But me and the feet have some years to reclaim

These little black sandals
Are walking me away
These little black sandals
Are heading the right way

These little black sandals
Are walking me away
These little black sandals
Saved my life today
