I was walking pissed inside my head  
You couldn't get out turn the lights down  
Voices inside are so loud.

You didn't turn the storm when I walked it up  
I couldn't feel, I wish that I could dissappear  
The voices inside are so real.

But you used to love my side.  
Night after night, night after night.  
You loved me back to life, life  
From the darkness where is over.  
You loved me back to life, life  
From the darkness, we're lovers again tonight.  
Back to life, back to life, back to life, back to life, yeah

When we up we touched I feel her  
Love me back to life, back to life, paradise.  
The voices inside were so quiet.

But you used to love my side  
Night after night, light up the night  
You love me back to life, life  
From the darkness where is over.  
You loved me back to life, life  
From the darkness, we are lovers again tonight.

Strong hands, feel the skin that they recognice  
You saw through your eyes, inside my eyes  
You never get upon me, yeah  
You loved me back to life, life  
From the darkenss, where is over.  
You loved me back to life, life  
From the darkness, we're lovers again tonight  
Back to life, back to life, back to life, back to life  
Back to life. backt to life, back to life, back to life  
Yeah.
