I want to change, to rearrange
What is going on
I need to change, I need to play
Like a five year old

I can't detach from the past
And all of the pain
I need to learn, start from scratch
Begin again

Throw away yesterday
Today is a brand new day
Throw away yesterday
Today is a brand new day

So I'm going to eat one hundred sweets
I don't care if I get fat
And I'm going to speak one I won't censor me
I know I can take nothing back

And I'm going to jump I will unburden
I cannot go too deep
And I will not run from bad things I've done

They're things I'll try not to repeat

Throw away yesterday
Today is a brand new day
Throw away yesterday
Today is a brand new day

Welcome to
The church of what's happening now
Head straight through
It costs nothing but change

Throw away yesterday
Today is a brand new day
Throw away yesterday
Today is a brand new day

Throw away yesterday

Today is a brand new day
Throw away yesterday
Today is a brand new day

Throw away yesterday
And today is a brand new day
Throw away yesterday
'Cause today is a brand new day
