(Verse)

I feel like the unite is,
Better lay on the tide uh
A thousand soldiers against one sword oh
You're a masterpiece of violence
But still I chose to dive in
Head first in the pit of your all

(Verse)

I'm freefalling (freefalling down)
Into the void
Shared my dark secrets
Something for full
Trust in forsaken
Lost to the point
That's why I need you

(Chorus)

We could've won the siege just
Could walk on the flow of oceans
Oh oh oh oh
Any luck that'll build upon me
And nations will stop revolt

(Verse)

You were like something righteous
Chariot, all mighty
A fortress filled with light, you were my life
And I could've buried mountains
Standing on your shoulder
Alliance, you deliver the fame and blow

(Verse)

As I tell the fame in lovers
Against your lies, placed in the gods
Even though we're outnumbered
Bring them to a point
Show them the last

(Chorus x2)

We could've won the siege just
Could walk on the flow of oceans

Oh oh oh oh
Any luck that I'll build upon me
And nations will stop revolt

(Interlude)
Angel of mercy
Please come for me
I'm wishing every bit from the fruit of this dream

(Chorus)
We could've won the siege just
Could walk on the flow of oceans
Oh oh oh oh
Any luck that I'll build upon me
And nations will stop revolt

(Interlude)
I'm on your (I'll be I'll be)
I'm on you, (I'll be I'll be)
I lay down, (I'll be I'll be)

We could've won the siege just
We could've won the siege just
And luck could've build upon me
And luck could've build upon me

(Chorus)
We could've won the siege just
Could walk on the flow of oceans
Oh oh oh oh
Any luck that I'll build upon me
And nations will stop revolt
