I've been set myself up here for way to long
Thinking love comes with a sword and shield I'm wrong
You probably wouldn't notice me if I was gone
But I refuse to think my time with you is done
So I guess I'm just gone stand here and wait
For a man to come and save the day
I need a champion
Someone to come save my heart
I need a champion
Someone to come save my heart

He ain't gotta wear perfect fancy clothes
All you gotta do is touch me where he know
We don't have to fuss or fight
All I need for you to do is save my life
So I guess I'm gone stand here and pray
For a man to come to say the day
I need a champion
Someone to come save my heart
I need a champion
Someone to come save my heart
