I never told you what you mean to me baby (yeaaah)  
I never told you I had known, you're the only one for  
me.

I can't believe that this happened to me.  
I might get restless but you're all I need.  
No matter how bad the day, time just seems to fall  
away (wiith you).  
Nothing really matter cuz...  
It could be the end of the world today, a hurricane  
could come and blow me away, but if you're real close,  
right next to me, nothing else matters

Cuz everything  
Falls away (away, away, away, away, away, away) x 3

Falls away (yeaah).

Even when the sky is grey, somehow you make it a  
brighter day.  
And when I can't see past the rain, you dry it, you dry it  
away.

I can't believe that this happened to me.  
I might get restless but you're all I need.  
No matter how bad the day, time just seems to fall  
away (wiith you).  
Nothing really matter cuz...  
It could be the end of the world today, a hurricane  
could come and blow me away, but if you're real close,  
right next to me, nothing else matters

Cuz everything  
Falls away (away, away, away, away, away, away) x 3

Everything falls awayyy  
Falls away, falls away.

It could be the end of the world today, a hurricane  
could come and blow me away, but if you're real close,  
right next to me, nothing else matters

Cuz everything

Falls away (away, away, away, away, away, away) x 3

I never told you what you mean to me baby

I never told you why I know.
