Lets get out these trenches
Lets get out these front lines
I'm trying to be a trooper but you hurt me sometimes
I now we're low on money
And you're trying hard
But I'm here bleeding from my heart
Cause I want to make love not war
What are we fighting for
What am I trying for?
My heart is dying I'm crying cause I want to make love
not war
What are we fighting for
What am I trying for?
My heart is dying I'm crying cause I want to make love
not war, war, war
I want to make love not war, war, war
I want to make love not war, war, war
I want to make love not war, war, war
I want to make love not war
Please we shouldn't doubt each other
Like the enemy is one another
Arguments seem to go forever
Doesn't look like it's getting better
Now that both of us are veterans
When I met you it was better then
It's either gone or maybe I can't find it
Where is the love
I want to make love not war
What are we fighting for
What am I trying for?
My heart is dying I'm crying cause I want to make love
not war
What are we fighting for
What am I trying for?
My heart is dying I'm crying cause I want to make love
not war, war, war
I want to make love not war, war, war
I want to make love not war, war, war
I want to make love not war, war, war
I want to make love not war
Let my life pass

I sender to you
And what you want me to do
So we can call it truths
Leave our past behind
Have a future with faith
When you can't find your way fallow your heart, fallow
your heart
I want to make love not war
