Everyone thinks you're gonna come and save the day  
But before you go put on your cape  
You need to (Save Me From U)  
It's such a mystery when love hurts more than hate  
When the villain takes the hero's place  
You should (Save Me From U)  
I gave my heart baby you tossed it in the flame yea  
You hid behind a fucking mask  
Like you Bruce Wayne huh  
I waited for my Superman  
He never came  
Gotta rescue my love before its too late  
(So just)  
Save me from you  
(Won't you save me) 2x  
Who's gonna save me from you  
(Won't you save me) 2x  
I don't need you to help me  
From a falling plane  
Hope that "S" on ya chest  
Means that you're gonna save  
You're gonna save me from you  
I ain't got no time  
I ain't got no tears left  
Signals in the sky  
Leading us to nowhere  
Gotta get this shit in order  
I can't breathe if there's no air  
How are you my savior  
If you're stronger when I'm gasping  
I gave my heart baby you flames you tossed yea  
You hid behind a fucking mask  
Like you Bruce Wayne huh  
I waited for my Superman  
He never came  
Gotta rescue my love before its too late  
(So just)  
Save me from you  
(Won't you save me) 2x  
Who's gonna save me from you  
(Won't you save me) 2x  
I don't need you to help me

From a falling plane  
Hope that "S" on ya chest  
Means that you're gonna save  
You're gonna save me from you  
I need you to save me  
I need you to Save Me From U
