[intro]

Where the lights don't stop

And the hearts race

Everyone don't stop

Cause we're in space

Oh...

Come into my city

Oh...

Come into my city

[repeat]

[verse 1:]

Looks like their gonna be jealous tonight

Cause i got a star

The nights been waiting for me to take you this far

Let's escape [let's escape]

Would that be ok?, would that be ok?

You ain't got to bring nothing

Cause I'll provide it all

I know it's new to you

But, I'll drive you through it all

I got a place

Where you can stay [where you can stay]

So let's take a trip

[chorus:]

Where the lights don't stop

And the hearts race

Everyone don't stop

Cause we're in space

Oh...

Come into my city

Oh...

Come into my city

[repeat]

[verse 2:]

Just relax

And let me take away all your pain

I was told to make everything in your life ok

Everything's just right

We got so much time

Take a deep breathe
It seems like your loosing control
But it's ok
Cause the feeling is mutual
Let me take you there
Let me take you there

[chorus:]
Where the lights don't stop
And the hearts race
Everyone don't stop
Cause we're in space
Oh...
Come into my city
Oh...
Come into my city
[chorus:]
Where the lights don't stop
And the hearts race
Everyone don't stop
Cause we're in space
Oh...
Come into my city
Oh...
Come into my city
