Waking up is hard

One more step beyond  
Drag me down, bad dream  
Tainted air I breathe  
On this road how far  
Passenger less car  
Memory fills dream  
Pass me by, I'm free

Awake but I'm sleeping alone tonight  
Awake but I'm dreaming alone I can't drive  
Awake But I'm sleeping alone

All alone I drive  
To the edge of time  
Broken clock reads three  
Took a break to sleep  
Under starlit sky  
How I wish tonight  
You are here with me  
Severed ties I'm free

Awake, but I'm sleeping alone tonight  
Awake, but I'm dreaming alone I can't drive  
Awake, but I'm sleeping alone I

Going back brings it up to the edge (so high)  
Going back brings it up to the edge (tonight)  
Going back brings it up to the edge (so high)  
Going back brings it up to the edge (do it right)

Do it right like before  
Get it right, just for you  
Do it right like before  
Get it right, it's how it could have been I

Going back brings it up to the edge (so high)  
Going back brings it up to the edge (tonight)  
Going back brings it up to the edge (so high)  
Going back brings it up to the edge (do it right)
