Your tearful eyes

Covers me
Look closer now
Empty
What stranger to
This endless grey
Give it more time, ok

We rise and fall
Thus two unite

To carry on
What used to be
These memories of
Help's me
To move on through
This endless pain
From heaven down
Hard rain

Sacrifice these feelings
Can't define how I feel
Sacrifice these feelings
Can't define how I feel
Sacrifice these feelings
Can't define how I feel
Sacrifice this being
Turned to grey

But I keep it alive with love
With just a picture of you here
I'll just leave you with this one last question
Does it really hurt to know?
You rise above, your scream last heard

So I feel it,
And I, one time
Bring it back, bring it back
Rise above
A scream last heard
You rise above

Your scream last heard
You rise above
Your scream last heard
You rise above
Your scream last heard
