Took from me, while I watched and stared

It seemed to me they didn't even care  
You left my heart with unwanted truth  
Mistake they made the day they took you  
I see clearly and now I wait  
With thoughts of you their life I will take

Wake with vengeance, wounded soul  
Took from me that my life will roll  
Wait for me while I wash your sins  
Terrorize unleashed that's within

I ache inside for you with all of my heart  
I look deep inside you're tearing me apart  
Through all this I can't let you go  
This pain inside my hate I bestow  
They raped your soul destroying all life  
Regret that day, I won't let you die

The hate inside won't let you be freeâ€¦

Here I am waiting for you  
Unlock these doors I haven't got a clue  
I smell you scent, I can't leave you behind  
Your face I see is still fresh in my mind  
A touch, a whisper, is taken from me  
Answer this prayer tonight let me be freeâ€¦ let me be  
freeâ€¦

Thoughts of you a vengeance unfolds  
Took from me my hate I enroll  
Wait for me while I bash your skull  
Terrorize a death that will toll

The hate inside can set you free  
Let me be free take this pain from me

No I can't let you go through all this I won't let myself  
Rest in your bones I cannot bear to know. I swear with  
all my heart  
I ache for you tonight why can't you be there for me?

I wont let you go.  
I can't let you go.  
I wont let this go.  
I see you face  
Inside the pain, inside the pain is mineâ€¦ Murder.
