Where's my free drinks and midnight friend,
Let's ditch this party for your bed,
You see her bed is like an ocean,
I slowly drown into a catatonic motion

Let's tie our scarfs, head for the street,
Intoxicated our lips meet,
I don't think we should do this,
I can't do this..

I said I know,
So let's just let it all go,
Too late to go slow,
I guess I make it obvious,

No one is leaving,
Increase my heart rate and my breathing,
I said I know, I said I know,

We're all skin and teeth she said,
Living pay cheque to pay cheque,
I've got eight dollars in my pocket,
For a down payment on this coffin,

So I laughed and shook it off,
While she undressed I sat and talked,
I don't think we should do this,
I can't do this..

I said I know,
So lets just let it all,
Go too late to go slow,
I guess I make it obvious,

No one is leaving,
Increase my heart rate and my breathing,
I said I know, I said I know

My head, my thoughts, my eyes,
Can't lie tonight,
My head, my thoughts, my eyes,
Cant lie, cant lie...

And this song I knew you'd find,
It doesn't help my state of mind,
Please don't turn off that bedside light tonight,

No one is leaving,
Increase my heart rate and my breathing
I said I know I said I know,

No one is leaving,
Increase my heart rate and my breathing
