In death I'm only hiding  
In life I'm only breathing or trying  
In truth you think I'm crazy or lying  
But in death I'm only hiding  
In death I'm only hiding

You were naked in the desert today  
So tragically fucking beautiful  
Mary's virgin mouth spoke only sorrow to me  
As we watched the sun fall to the sea  
As we watched the sun fall to the sea

The sun let no weight in the bottomless pit  
So we rose and we rose as they reached after it  
There was nowhere on the floor or on the bed to sit  
So we stepped away from ourselves like shadows  
I'll be hiding from the sun in a worm hole

In death I'm only hiding  
In life I'm only breathing or trying  
In truth you think I'm crazy or lying  
But in death I'm only hiding  
In death I'm only hiding

And so you think I'm crazy  
Death is looking past you  
I'm only dreaming  
So tragic  
So tragic  
I'm sure you think I'm crazy  
Death is looking past you  
I'm only dreaming  
So tragic tragic  
So tragic

In death I'm only hiding  
In death I'm only hiding from you
