I can feel in in my chest  
My mind I retching  
I call out your name  
You ignore my words

Ignore my screams  
Ignore my call  
Why do you do this  
Why do I try this  
You'll never love me  
For who I am  
But for...  
What I was

Against the grain we fold and we fall  
We are the stain, the end of it all  
I wish for just on moment  
That I could recall the death of me  
But for you that would be a sin  
So far to come when we only fail  
We were the ones who were...

I can feel you in my grasp  
Why is it gone so fast  
I can feel the touch of your lips  
But then you fade away

Fade away from me  
Fade away to them  
Shades of grey in your eyes  
Shades when you look at me  
You'll never love me  
For who I am  
But for...  
What I was

Against the grain we fold and we fall  
We are the stain, the end of it all  
I wish for just on moment  
That I could recall the death of me  
But for you that would be a sin  
So far to come when we only fail

We were the ones who were

Forgotten...

[Melodic breakdown]

[Twin solo-rose/van allen]

Forgotten

Forgotten

Forgotten

Forgotten

[Harmonized hum]

Why do you do this to me

Is this what you call fun

What is the deal with this pain

I just want to see his face

One more time before I die

But you caged me

And locked me in that room

Alone I claw at the walls

Breaking in ways

Ways undone and unloved

Always

We are

The famed

Forgotten

[Static]
