What would make a man want to leave his life  
To go out into the world with the risk to die  
I don't know, but it scares the shit out of me  
So scared and alone no one near me  
The day has become closed  
And all of my memories wave away  
All of what I am or who I was  
My reality slowly fades

Reality fades! Reality fades!  
(It's over now)  
Reality fades! Reality fades!  
(I've lost who I've become)

Coming into a new shining and bright place  
The sweat from before now consumes my face  
I cannot think of how they've coped with this  
I'm out here dying and no one gives a shit  
The day has become closed  
And all my memories become gray  
All of what I have become  
My reality slowly fades

Reality fades! Reality fades!  
(It's over now)  
Reality fades! Reality fades!  
(I've lost who I've become)

Reality fades! Reality fades!  
(It's over now)  
Reality fades! Reality fades!  
(I've lost who I've become)

(Please tell me what your doing  
I can't handle secrecy anymore  
I have lost everything already  
And now it seems I'll be losing more)

I've lost all what I had!  
I have become a memory!  
Just a page in a scrap book!  
What the hell!

IT MY CHOICE TO MAKE!

(Chorus w/o music)

Reality fades! Reality fades!  
(It's over now)  
Reality fades! Reality fades!  
(I've lost who I've become)

Reality fades! Reality fades!  
(It's over now)  
Reality fades! Reality fades!  
(I've lost who I've become)
