True it must be;
God sends angels down to comfort all
And that's what you are;
You're an angel from heaven,
To you I call

[Chorus]
Life stands still
When I'm with you.
Life goes on because of you.
Times are hard for me to get through,
But through these times, my mind is set on you.

Through times of trouble,
You've been there for me.
Through times of hurt,
You set my pain free.
Not a moment goes by
When I don't thank God for my angel that I love.

Life stands still
When I'm with you.
Life goes on because of you.
Times are hard for me to get through,
But through these times, my mind is set on you. [x2]
