Hello good morning
I see your pretty face
It's like the first time
But I nearly gave that away
Check your watch
Check your watch
Hey don't you know that I get that a lot
Hello good evening
I see you in the dark
You crack a grin
Watch me fall apart
Check your watch
Check your watch
Hey don't you know that I get that a lot

Time is moving oh so fast for me
Tick Tock coming around again
Time is moving oh so fast for me
Tick Tock coming around again

You've got a piece of my heart
Got a piece of my heart
You've got a piece of my heart
Got a piece of my heart

Hello good morning
I see your pretty face
It's like the first time
But I nearly gave that away
Check your watch
Check your watch
Hey don't you know that I get that a lot
Hello good evening
I see you for the second time
It's half past the hour
I can't press rewind
Check your watch
Check your watch
Hey don't you know that I get that a lot

Time is moving oh so fast for me
Tick Tock coming around again

Time is moving oh so fast for me
Tick Tock coming around again

You've got a piece of my heart
Got a piece of my heart
You've got a piece of my heart
Got a piece of my heart

I'm not selling you out
I know it's my fault, I came in way too late
I came in, I came in...

And I'm not selling you out
I'm not holding you down
I'm not selling you out
I came in, I came in...

Time is moving oh so fast for me
Tick Tock coming around again
Time is moving oh so fast for me
Tick Tock coming around again

Time is moving oh so fast for me
Tick Tock coming around again
Time is moving oh so fast for me
My Tick Tock coming around again

You've got a piece of my heart
Got a piece of my heart
You've got a piece of my heart
Got a piece of my heart
