I waited for you yesterday, I waited and missed the last train

I waited to say that I'd fallen in love with your way

I waited for you yesterday, eventually walked home in the rain

I waited to see if you felt the same for me

But you don't and you won't go against your a**** father

Going broke, quitting **** for your folks

Why did I even bother? Why did I?

I waited for minds to change, pointing their fingers of blame

It's not my fault you're ashamed of how you feel

But you don't and you won't go against your a**** father

Going broke, quitting **** for your folks

Why did I even bother? Why did I?

'Cause you don't, just admit it

'Cause you won't, just admit it

Just admit it, just admit it

Just admit it, just admit it

I called you a **** and broke down your door

But you don't even hate me

And how could I heal when you won't even feel?

Why won't you hate me?

But you don't and you won't go against your a**** father

Going broke, quitting **** for your folks

Why did I even bother? Why did I?

But you don't 'cause you're nothing

But broken down daddy's little daughter, aren't ya?

Going broke, quitting **** for your folks

Why did I even bother? Why did I?
