I held onto you
For as long as I could
But today, you fell away
Now what I hold
Are the memories we barely made
I stood on the edge of your bridge
Until I felt the rain, push me away
My confusion left me fast as the vertigo came

What I believed to be true
It was only a dream
That lived in me
I just projected it
Over your beautiful screen
I self medicated my way
Through this mess that we made
So I could stay
There was nothing, but I waited
I waited

This was my mistake
Broken are plans we made
So I will be traveling any place
Cause anywhere's better than
Here we rest in peace
Rubble beneath my feet
I shouldn't have followed you anywhere
Cause anywhere's better than here

Where is the space I could move
Where could I rest my head
There's nothing left for me here
It's hard to leave behind
The one thing that made me feel alive
So I slide, from paranoid to paradise

This was my mistake
Broken are plans we made
So I will be traveling any place
Cause anywhere's better than here

This was my mistake

Broken are plans we made
Here we rest in peace
Rubble beneath the feet
I shouldn't have followed you anywhere
Cause anywhere's better than here
