Tell me all your plans  
And I laugh back in your face  
Preach me your religion  
If you're dumb enough to pray

I tried to make a change  
To get a better way  
To make a little more money  
I tried to get away  
To see if I could stay  
And look what I became honey

What is it I'm after  
Searching for disaster  
Watching my own life  
Flash in front of my eyes  
We've been given answers  
Still were walking cancers  
Dressed up as a life

Getting all your news  
From a corporate company  
Trading your opinion  
For a gallon of gasoline

I tried to get away  
To see if I could stay  
And look what I became honey

What is it I'm after  
Searching for disaster  
Watching my own life  
Flash in front of my eyes  
We've been given answers  
Still were walking cancers  
Dressed up as a life  
Dressed up as a life  
Dressed up as a life

This life  
Is a waste of life  
This life

Is a fucking lie

What is it I'm after  
Searching for disaster  
Watching my own life  
Flash in front of my eyes  
We've been given answers  
Still were walking cancers  
Dressed up as a life  
Dressed up as a life  
Dressed up as a life  
Fuck  
Dressed up as..
