## "Dead Space"

### *[Verse 1]*

We have a situation here  
It's clear, it's not disappearing  
We keep fucking what is pure  
No cure, and it keeps happening  
Over and over again  
Over and over again  
We have a situation here  
It's clear, it's here

### *[Chorus]*

Dead space  
The only thing that's left to fear is  
To late to ever start again  
They rape us over and over and over and over  
But I'm still alive  
But I'm still alive in this dead space

### *[Verse 2]*

They're not gonna let us out of here  
The fear is taking over  
We need to get up out of here  
It's clear, the sky is falling  
It's falling on top of our heads  
It's falling while we're in our beds  
They're not gonna let us out of here  
They're not gonna let us out of here

### *[Chorus]*

Dead space  
The only thing that's left to fear is  
To late to ever start again  
They rape us over and over and over and over  
But I'm still alive  
But I'm still alive in this dead space

Dead space  
The only thing that's left to fear is  
To late to ever start again  
They rape us over and over and over and over

But I'm still alive  
But I'm still alive in this dead space!
