You all hate your children/they're too fat to feed/ your
on medication/ taking pills to sleep i think/ im doing
just fine/compared to what you've been doing/i won't
get vacciniated/insurance costs too much/you think
your so persuasive/but i'm not giving up, saving, my
life/ it's not what your doing

(chorus)

I/ i won't justify/ the way i live my life/ cause i'm the one
living it, feeling it, tasting it, and your just wasting your
time/ trying to throw me a line/when your the one
drowning, i like where i'm at on my back floating down
in my own riptide/the water is fine

i like to step on cracks/i go against the odds/you think
my world is flat/do i turn you on, maybe/yeah i'm
wrong/ but i like where i'm going/ i leave when others
stay/ i never re-decide/ i don't mind if you wait/ but i
don't waste my time, crazy/is just fine/cause i like
where i'm going

(chorus)

i remember when it used to be easy/ i remember when
it wasn't so hard/ i remember when it used to be easy/ i
remember when/ i remember when
(chorus)

i remember when it used to be easy/i remember when
it wasn't so hard/ i remember when it used to easy/ i
remember when, i remember when
