Iâ€™m holding on to white balloons
Up against a sky of doom
Tell me you see them

Cause whatâ€™s inside of me
Is invisible to most
Even in clear view

Iâ€™m sending out a signal to
The possibility of you

Cause right at this moment
I know youâ€™re connected to a part of me
That I donâ€™t even know myself

The changes in me
Are likely to be like the weather
Stormy and clear
Strength interfere bound together

But Iâ€™ll break my silence
If I believe that you and me
Could ever be more than just
Whatâ€™s been behind us

I tried and left
I came and went
I got rejected out again
But no one believes me
Iâ€™ve worn a hundred faces of
The character of placements
And now nobody sees me

The changes in me
Are likely to be
Like the weather
Cloudy at best

Angels lift me
Are you with me?
Iâ€™m holding onto you
Like Iâ€™m holding on to white balloons

Carry me away
I hope that you'll break

Angels lift me
Are you with me?
I'm holding onto you
Like I'm holding on to white balloons

Carry me away
I hope that you'll break
I hope that you'll break

Don't break.

Cause what's inside of me
Is invisible to most
Even in clear view
