Screw this life;
Making up for false assumptions.
Refuse this crisis;
Besides this enslaved mind,
There's life inside me.
I'm bleeding from my eyes;
I'm counting all the lies;
And from the insanity
The dream will come alive!

Lust. Desire. Fear. EMPIRE.
I traveled for years and I'm back at square one,
Pulling back all the fears and submitting to none.

Way too strong to follow -
WE BLEED; WE STRIVE.
The body of earth in heart is hollow -
WE BLEED; WE STRIVE.
If I sell it short then take my heart and let me die -
WE BLEED; WE STRIVE.
If I sell it short then take my heart and let me die -
WE BLEED; WE STRIVE.
WAY TOO STRONG TO FOLLOW!

Lose the mask;
Kill the part of me dishonest.
I lose compassion;
Nothing I need to see or to imagine.
I'm bleeding from my eyes;
I'm counting all the lies;
And from insanity the dream will come alive!

Lust. Desire. Fear. EMPIRE.
I traveled for years and I'm back at square one,
Pulling back all the fears and submitting to none.

Way too strong to follow -
WE BLEED; WE STRIVE.
The body of earth in heart is hollow -
WE BLEED; WE STRIVE.
If I sell it short then take my heart and let me die -
WE BLEED; WE STRIVE.

If I sell it short then take my heart and let me die -
WE BLEED; WE STRIVE.
WAY TOO STRONG TO FOLLOW!

Misplaced, lost inside of me;
God's insanity in spite of me.
Which way's wrong?
You lied to me -
Birth profanity inside of me!

Misplaced, lost inside of me;
God's insanity in spite of me.
Which way's wrong?
You lied to me -
Birth profanity!!!

Deception, treason; POISON SEASON;
Took with crooked pleas; I'm BLEEDING.
Honor, hatred, lack of reason;
Angels, demons: FAR FROM HELL!!!

Misplaced, lost inside of me;
God's insanity in spite of me.
Which way's wrong?
You lied to me -
Birth profanity!!!

Way too strong to follow -
WE BLEED; WE STRIVE.
The body of earth in heart is hollow -
WE BLEED; WE STRIVE.
If I sell it short then take my heart and let me die -
WE BLEED; WE STRIVE.
If I sell it short then take my heart and let me die -
WE BLEED; WE STRIVE.
WAY TOO STRONG TO FOLLOW!

Never took a mile 'til I fucking twist the knife -
Lift my arm and twist the knife,
These fists are gone, got God in mind!

I never knew immortal 'til I took it from my life;
Never took a mile 'til I fucking twist the knife -
Lift my arm and twist the knife,
These fists are gone, got God in mind!
WAY TOO STRONG TO FOLLOW!
