The time has come to put our differences aside
the time has come to end this genocide
who's black, who's white, it doesn't matter
if it's war or peace, I'll pick the latter
oh you'll see
in 1993
it's a world I want to see
it's a place I want to be
in 1993
1993 is the year when things begin to change
1993 is the year we find a cure for AIDS (well I hope so)
no more war or starving children
and a permanent end to communism
oh you'll see
in 1993
so stand up for what you believe in
when your thoughts aren't even
what you think is right or wrong
it makes no difference if you sing along
