"Get The Nerds!"

I'm a jock and I know how to rock
I like sex football and beer a lot
You're a nerd! Stop looking at my girl
ya geek, freak, get out of our world
I'm the prom king, and I get good grades
you're a nerdling, and you'll never get laid unlike me
I'm in a band you see
SideSplittaz sexual promiscuity!
get the nerds, get the nerds KILL 'EM!
at the bottom of the social system
get the nerds they deserve to die
they'll never be popular but they still try
You've got glasses, and zits, and really dorky clothes

a two-dollar haircut and some bad B.O. unlike me
you wish you were smooth
you wish you has muscles and you wish you could
groove
but you can't
so don't come to our dance
it's for the popular kids and you don't stand a chance
'cause if we find nerds then we're gonna rock ya
gonna beat ya down and shove you in a locker!
get the nerds, get the nerds KILL 'EM!
at the bottom of the social system
get the nerds they deserve to die
they'll never be popular but they still try
