You've got your reasons
Reasons just to walk away
No one would blame you if you didn't want to face the pain
You find yourself
Up against the wall
You're scared to push cause it might fall
And it...

CHORUS

Just might change your life
You're on the edge now take one step
And you just might find you'll fly
You never know what will happen next
Don't be afraid to let go this time
It just might change your life

You keep on reaching
Reaching for a hand to hold
You're scared you'll wake up on the edge of the unknown
You find your heart in fragile place

Afraid to move cause it might break
And it...

CHORUS

Don't be afraid to let go

Just let go, just let go, just let go, just let go!
And it...

Just might change your life
You're on the edge now take one step
And you just might find you'll fly
You never know what will happen next
And it just might change your life
You're on the edge now take one step
And you just might find you'll fly
You never know what will happen next
Don't be afraid to let go this time

Don't be afraid to let go this time
It just might change your life
