Paranoid disguise  
Behind the mask it hides  
A Belgian twilight  
I want to hold you tight

I filled the phone with milk  
We had a milky talk  
I said that I love you  
But I can't find my dog

I know what we are  
The dream of a dream

You're a sleepwalker tonight  
I'm dancing on the oniric ball  
If you wake up right now  
I'm sure I won't be here  
In the sheltering sky

There's a long black hair's  
That's emerging from my mouth  
I stick like a spider  
On the dictator's walled house

On the eggshell pit  
We watched the last porn scene  
Our favourite actress  
Mutated in Autumn feed

I know what we are  
The dream of a dream

Go to bed and take a ride  
On the holy path of dream  
You wanna sleep forever  
Beyond the reason of tides  
In the sheltering sky

All the things we do  
We do with eyes closed  
Just to see  
That we are in love

And I don't care If I'm still dreaming  
Asleep from the beginning  
I don't care  
(Repeat)

...Sheltering Sky
