My friend  
I've come to talk to you again  
Like to answer your questions  
I don't think that all is said and done  
I remember our laughing  
Don't you remember our playing in the woods  
Ignore the burning warning-lamp  
Try to be my friend  
Nomore for friendship you have to pay  
Water the barren tree  
The wind tool away your memories  
You're trying to understand what all this means  
Kind of strangest dream  
My friend  
I know that we've changed  
But is it essential?  
I hope, you'll rethink and change your mind  
Don't you remember our journey  
I remember our hurting argument  
Ignore the burning warning-lamp  
Try to be my friend  
Nomore  
For friendship you have to pay  
Water the barren tree  
Cool water could quench our thirst, it could stop the  
worst  
So why don't you water the tree?  
Why don't you believe in me?  
Sometimes I think you're the only one who understands  
Sometimes your presence makes me crying  
Water the barren tree
