So lay across and kiss the ground instead.  
Why did you paint your face oh so red?  
You think you're funny as you twist and shake your  
feet,  
But I don't see them laughing,  
But I hear their teeth.  
They scream, they're screaming out for you cause you  
are so innocent,  
And you are so convincing,  
You're winning them all over, please get up.

Turn off the lights so I can see,  
I'll speak until you listen.  
Your eyes will sink and my lips will breathe your  
obvious addiction.  
I spin around, I spin around to see the curse that only  
comes with a crowd.

And I will find your golden shoe and I'll be so perfect  
for you.  
I'm falling so much faster than I've fallen before  
And you won't catch me cause I'm such a gentleman.  
As I stand aside to die, would they love you? will they  
cry?  
It's damn right dirty, don't you think, I wish I had all the  
things I want.

Turn off the lights so I can see,  
I'll speak until you listen.  
Your eyes will sink and my lips will breathe your  
obvious addiction.

I spin around, I spin around to see.  
Turn off the lights so I can see,  
I'll speak until you listen.  
Your eyes will sink and my lips will breathe your  
obvious addiction.  
I spin around, I spin around to see the curse that only  
comes with a crowd.

And I'll be there for you're demolition,  
And you'll be dancing and I'll be singing,

And I just wanted you to listen,  
Well can't you see that I am missing.  
Turn off the lights so i can see,  
Your eyes will sink and my lips will breathe.

Turn off the lights so i can see,  
I'll speak until you listen.  
Your eyes will sink and my lips will breathe your  
obvious addiction.  
I spin around, I spin around to see the curse that only  
comes with a crowd.

Turn off the lights so i can see,  
I'll speak until you listen.  
Your eyes will sink and my lips will breathe your  
obvious addiction.  
I spin around, I spin around to see the curse that only  
comes with a crowd.
