Little brother you've proved your point,  
I swear I'll turn this car around,  
And everything that you've wanted to say,  
You'd better say it now,

(Headlights so bright,)  
I'm wishing right now I should of said sorry,  
(No-one will know,)  
You're screaming so loud, then everything it goes  
quiet,

Now that I, speak to late  
Take another step away from me, take your steps  
away,  
(Take another step away from me, take another step  
away from me,)  
I'll swallow my pride, cos I was wrong,  
I want to say something cos I know that he is gone,

Shut up, shut up, it doesnt matter now,  
It's all your god damn fault,  
She looks at me like I'm a stranger,  
You can't bring him back,

(Headlights so bright,)  
I'm wishing right now I should of said sorry,  
(No-one will know,)  
You're screaming so loud, then everything it goes  
quiet,

Now that I, speak to late  
Take another step away from me, take your steps  
away,  
(Take another step away from me, take another step  
away from me,)  
I'll swallow my pride, cos I was wrong,  
I want to say something cos I know that he is gone,

Headlights so bright, no-one will know,  
Headlights so bright, no-one will know

Little brother you've proved your point,  
I swear I'll turn this car around,  
Everything that you've wanted to say,  
You'd better say it now,

Take another step away from me, take your steps  
away,  
(Take another step away from me, take another step  
away from me,)  
(I'll swallow my pride, cos I was wrong,  
I want to say something cos I know that he is gone,

Little brother you've proved your point,  
I swear I'll turn this car around,  
Headlights so bright, no-one will know, headlights
