To find someone who is so pure  
It can be hard so I've been told

But what to do to save your soul?

It aint whatcha say but it should be whatcha do  
You can't runaway cos I'll always get to you x 2

Sometimes when you feel insecure  
Certain things you can't control  
And maybe you don't feel so sure  
But always keep in mind your goal
