VERSE 1:

Just forget about talking this one over
And listen up darling
Pour yourself a drink and find yourself a seat
Trust, it's a funny thing
But I'm not laughing
I know your wondering
Oh, how could he know
I worked so carefully
Undercover and into his bed
The truth is written on your neck
(Your best friend gave it up!)

CHORUS:

(Don't be, don't be so surprised)
You are so cunning it's disgusting
The way your words fall from your lips
Insidious and innocent
I've got a plan to set this straight
Yeah it's called "Two can play this game"
You're not the only one who lies, I'll make this,
I'll make this right

VERSE 2:

(You might not see it, she's got a secret)
Now are you having trouble breathing?
Are you having trouble finding the words to make this
go away?
And those marks on your neck
Are they burning, are they burning yet?
Undercover in between her hips
The truth was drawn out from your best friends' lips
(Your best friend gave it up!)

BRIDGE:

It takes two to play
But only one to initiate
Now we're both playing our parts

Now we're both playing our parts
It takes two to play
But only one to initiate
Now we both play our parts

OUTRO:

You might not see it
She's got a secret my friend
You might not see it
She's got a secret
You might not see it
She's got a secret my friend
You might not see it
