With a smile to melt a thousand hearts
You've become a gift to all
But will your everything be enough

Run away, time to take the way they unwind
Sworn to silence, just a helping hand
Stand in line
They call
They call
They call
Oh how they want you, but who's the one you call when
you fall?

These shoulders are holding the weight of the world
These shoulders are holding the weight of my world

Don't you cry, it'll be alright
Somehow we'll make it better
Now don't you cry, it'll be alright
Sometime we'll make it better
Don't you cry
Don't you cry
Now don't you cry

These shoulders are holding the weight of the world
These shoulders are holding the weight of my world

Don't you cry, it'll be alright
Somehow we'll make it better
Now don't you cry, it'll be alright
Sometime we'll make it better
