Lost

Lost inside boundaries again

Pray for to come from within

Living in typical sin

And complaisance my old friend

Alone and high again

Throwing caution to the wind

Search to find my center

Live for the moment

I'm soul surrendered (soul surrendered)

Cold inside like winter

Here for the moment

I'm soul surrendered (soul surrendered)

Soul surrendered

Found

Found link missing again

Boners are breaking the stem

Learning to cut through the skin

And complaisance my old friend

Alone and high again

Throwing caution to the wind

Search to find my center

Live for the moment

I'm soul surrendered (soul surrendered)

Cold inside like winter

Here for the moment

I'm soul surrendered (soul surrendered)

Soul surrendered

Read with me, f with me, live with me

In between, never see, centering, everything is

Read with me, f with me, live with me

In between, never see, centering, everything is

Balance again

Search to find my center

Live for the moment

I'm soul surrendered (soul surrendered)
Cold inside like winter
Here for the moment
I'm soul surrendered (soul surrendered)
Soul surrendered
