I remember the time
All through the night
Trying not to close my eyes again
Too many hours
In a stolen car
Trying not to pull over and cry

My eyes so red
I just want to die
Kill me with your words
Kill me one last time
Cut out my heart
And throw it on the floor,
For everyone to see

Remember you said,
'Kiss me sweetheart,
Before you go again.'
Don't say
'It's over this time.'

She's bleeding on the inside
For me to call again
Waiting for her just to say goodbye
Just one last time
Bleeding on the inside

Am I supposed to say
Anything at all
To make you want me back
If I had three wishes
I'd wish them all on you
I'd wish you away
From me

Am I supposed to say
Anything at all
She's bleeding on the inside
For me to call on again
Waiting for her just to say goodbye
