Why did you take this so far just to back out now  
Did you think that I would not succeed  
It doesn't matter you know I had to see this through  
I can't conform to something that was meant for you  
It's the way you scream when I come through  
The way you look through me when I see you  
I'll never stop cause this is who I am  
This is who I am

Why would I role the dice and not take the price when I  
win  
Why should I let this go when it just keeps falling in my  
hands  
Why when I wake up from this dream I have been living  
in  
I can't deny myself it's all just a part of who I am

I can't deny myself it's all just a part of who I am  
It's the way you scream when I come through  
The way you look through me when I see you  
I'll never stop cause this is who I am  
This is who I am  
It's who I am

It's the way you scream when I come through  
The way you look through me when I see you  
I'll never stop cause this who I am  
This is who I am  
It's who I am
