Hey you moronic twat, you hideous nimrod, would you die?

Do you even understand why I hate your kind?

How can ever someone like you even manage to breath?

I don't know and I'm upset because I want to see you dead.

Everywhere I'm going to, there's one of us and two of you,

Retards should not have the right to breed, nor to fill our land.

Hey dear mister motherfucker again, please just die.

Learn to fucking understand why I hate your kind.

[chorus]

Heads bashed to the wall, skulls splintered, pieces on the floor.

My hunger for your blood is growing stronger, slowly, day by day.

I rip your guts, and your bowels, peritoneum, acid to your gullet.

I watch you slowly fading away and dying, biting the dust.

Everywhere I'm going to, some blood will flow, I'll leave a mess,

Shattering spines and taking lives like reaper among us.

My hate, it burns like purgatory, scorching useless people away,

For your mistakes, all your misdeeds, I will make you pay!

My anger, it will strangle you like noose made of barbed wire,

Fear will rise to higher level, reaching even impossible spire.

It's your personal hell on earth, your precious world on fire,

Scream for help 'cause no one cares, ain't this world so dire?
