[Intro:]

So if I die tonight
Will you take my hand and hold me tight
Iâ€™ll finally close my eyes because the
Time is right
The air is thick and my head feels light
How about you try this on for size
Just try this on for size

I think itâ€™s safe to say that lately Iâ€™ve been crawling
on my knees
Youâ€™ve knocked me off my feet and now Iâ€™m
scrambling for relief
Now it seems that you will never find the cure for my
disease
Itâ€™s hard to understand the facts when I couldnâ€™t
believe-

[Pre-chorus:]

The things that you were telling me
You were a voice lost in the wind
Itâ€™s difficult to comprehend the things that you canâ€™t
see
When the lights begin to dim
But now I stand here waiting for the end

[Chorus:]

Maybe thereâ€™s somebody hiding underneath
I was hoping for the best
But Iâ€™ve noticed when youâ€™re near itâ€™s hard to
breath
Let me get this off my chest

Now I question everything that you have ever said
There has to be a point to this, but save it for the end
Will you change for me or will you walk away instead?
Either way is fine as long as you help me to understand
-

[Pre-chorus]

[Coda:]

Every step I take is wrong

Tell me which way I should turn
I will sing you one last song
Maybe then you'll finally learn
