oh wendy o how i loved you. your leather skin never
looked so dry. you pissed me off, you had to split. you
could've surfed our bus then died. wendy lost control.
sex lock and load. oh wendy oh how i loved you. your
leather skin never looked so dry. a rhino cunt a gun
and perfect tim. you were kinda cool but you were no
slimestra hymn. wendy lost control. death consumed
her soul. oh wendy o how i loved you. your leather skin
never looked so dry. you pissed me off, you had to
split. you could've surfed our bus then died. wendy lost
control. sex lock and load. wendy lost control. death
consumed her soul.
